God of all blessings, source of all life, giver of all grace:

We thank you for the gift of life: for the breath that sustains life, for the food of this earth that nurtures life, for the love of family and friends without which there would be no life.

We thank you for the mystery of creation: for the beauty that the eye can see, for the joy that the ear may hear, for the unknown that we cannot behold filling the universe with wonder, for the expanse of space that draws us beyond the definitions of our selves.

We thank you for setting us in communities: for families who nurture our becoming, for friends who love us by choice, for companions at work, who share our burdens and daily tasks, for strangers who welcome us into their midst, for people from other lands who call us to grow in understanding, for children who lighten our moments with delight, for our church, where we find hope for the future and comfort in the present.

For these, and all blessings, we give you thanks, loving God. Amen.
